PROFILE

I am a **web developer, accounting administrator,** and **marine biologist** with experience in data analytics, accounting, and customer service roles.

I build accessible, responsive and user-friendly apps in **React, jQuery** and **JavaScript**.

I'm a committed, attentive, empathetic, detail-oriented team player and I have 3 years of experience working remotely.

With my experience in project management and strong presentation skills, I aim to bring our designs to life.

SKILLS

Web Development

- HTML
- CSS
- SCSS
- React
- JavaScript
- jQuery
- RESTful APIs
- AngularJS
- Firebase
- Git collaboration
- Version Control
- NPM

Design & Media

- Photoshop
- Premiere Pro
- Lightroom
- Figma

Data Analytics

- R / RStudio
- ANVIO
- MATLAB
- Python

Accounting

- Excel
- GAAP
- AR & AP
- ERP Experience
- Full-cycle

Organization

- Notion
- ADP
- JIRA
- CDK

LANGUAGES

English - Fluent
Spanish - Fluent
French - Basic

EDUCATION

Juno College of Technology   September 2021 to December 2021
Web Development Immersive Bootcamp & JavaScript Course

Dalhousie University   September 2013 to April 2017
Honours Bachelor of Science in Marine Biology & Statistics

PROJECTS

Reactive Retail   Git, React, API, Firebase, SASS, HTML, CSS, Figma

- Mock e-commerce site built in React using the FakeStore API.
- Solo project with constant updates adhering to WCAG standards, requiring timeline and project scope estimates.
- Users can filter through products via category, convert prices to different currencies, and add items to their Firebase cart.

PROFESSIONAL EXPERIENCE

Accounting Administrator   March 2019 to July 2021
Carson Auto Group, Victoria Ford Alliance

- Reviewed and reconciled banking, warranty, and inventory accounts using CDK software, and claim programs, netting the company over $20,000 monthly.
- Increased task efficiency by 75% through automation, aimed to create a standardized method for future employees and spearheaded several projects to increase productivity.
- Worked with a team to maintain a large database of records using a variety of accounting software in order to track deals, payments, and inventory.

At-Sea Fisheries Observer   January 2018 to November 2018
Archipelago Marine Research

- Gathered, verified, audited, and reported biological and commercial catch data for the Department of Fisheries and Oceans while working in extreme environments.
- Worked as the youngest senior officer on the second largest fishing boat in the world and produced over 480 reports with at least 90% accuracy on estimated catch data.
